SUMMARY

- UX Focused Designer creating **intuitive, and impact-driven digital experiences** across mobile apps, e-commerce, and SaaS platforms.
- Experienced in interaction design, user research, wireframing, prototyping and iterative problem-solving to design thoughtful solutions grounded in real user needs.
- Background in business and new media design and web development enables close collaboration with cross-functional teams, and alignment with business goals.

EXPERIENCES

WEB DESIGNER | 07/2025 to Current

Aperture Coffee Bar – Vancouver, British Columbia

- Leading the **end-to-end redesign** of a local café's website to improve event visibility, e-commerce readiness, and storytelling.
- Conducting **stakeholder interviews and user research** to define pain points and design solutions aligned with user goals.
- Collaborating with a small design team to translate research into **wireframes, UI components, and responsive layouts**.

PRODUCT DESIGNER (INTERN) | 09/2025 to 11/2025

Burst Creative Group – New Westminster, British Columbia

- Collaborated with developers and designers to refine client software interfaces, ensuring **accessibility, usability, and visual consistency** across responsive web and mobile platforms.
- Designed **mobile-first layouts and design systems** to standardize font scales, spacing, and interaction patterns for seamless user experiences.
- Supported internal product releases by designing **mockups, prototypes, and App Store visuals** that elevated brand perception and usability.
- Utilized **Figma, Adobe Creative Suite, and web technologies (HTML/CSS, JS)** to iterate efficiently on high-fidelity deliverables.

FEATURED PROJECTS

BuddyUp+ (Social Habit & Wellness App) | Case Study, Nov 2025

- Designed a digital wellness experience that supports **habit consistency and motivation through social accountability**, improving accessibility to healthier daily routines.
- Applied **interaction design** principles to create user flows, information architecture, and wireframes for challenge creation, progress tracking, and social feedback.
- Iterated designs through **usability testing** and **inclusive design considerations** to support diverse user needs and behaviors.

FurryTales Pet – E-commerce Website Redesign | FLUI Hackathon, Feb 2025

- Led a **72-hour redesign** of a real client's e-commerce site to improve navigation, product discovery, and brand expression.
- Redesigned **product layouts** and **information hierarchy** to support a more seamless shopping experience.
- Facilitated design sprints and **client feedback sessions**, aligning the final prototype with both **business goals and user needs**.

SKILLS

- **Design:** Figma, Adobe Creative Suite (Photoshop, Illustrator, InDesign, After Effects), WordPress, Squarespace
- **Development:** HTML/CSS, JavaScript, Tailwind CSS, React.js
