WWW: <https://yungicho.com>

SUMMARY

- UX-focused designer crafting **scalable, impact-driven digital experiences** grounded in real user needs and business goals.
- Experienced in **user research, interaction design, and iterative problem-solving**, translating insights into clear, usable solutions.
- Background in **business, new media design, and web development**, enabling effective collaboration with cross-functional teams from concept to launch.

EXPERIENCES

UX/UI DESIGNER | 07/2025 to 12/2025

Aperture Coffee Bar – Vancouver, British Columbia

- Lead the end-to-end redesign of a local café's website (aperturecoffeebar.com) to improve event visibility, e-commerce readiness, and storytelling.
- Conducted **stakeholder interviews and user research** to define pain points and design solutions aligned with user goals.
- Partnered cross-functionally to standardize **branding** across digital touchpoints, improving cohesion, and reducing inconsistency.
- Collaborated with a small design team to translate research into **wireframes, UI components, and responsive layouts**.

PRODUCT DESIGNER (INTERN) | 09/2025 to 11/2025

Burst Creative Group – New Westminster, British Columbia

- Collaborated with developers and designers to refine client software interfaces, ensuring **accessibility, usability, and visual consistency** across responsive web and mobile platforms.
- Supported the launch of the **Lax Kw'alaams Ferries mobile app** by creating **App Store screenshots** that showcased key features and reinforced a cohesive brand presence.
- Designed promotional graphics and digital mockups for the **IPSS 2025 Conference**, helping to translate event goals into clear, on-brand visual assets used across marketing channels.
- Utilized **Figma, Adobe Creative Suite, and web technologies (HTML/CSS, JS)** to iterate efficiently on high-fidelity deliverables.
